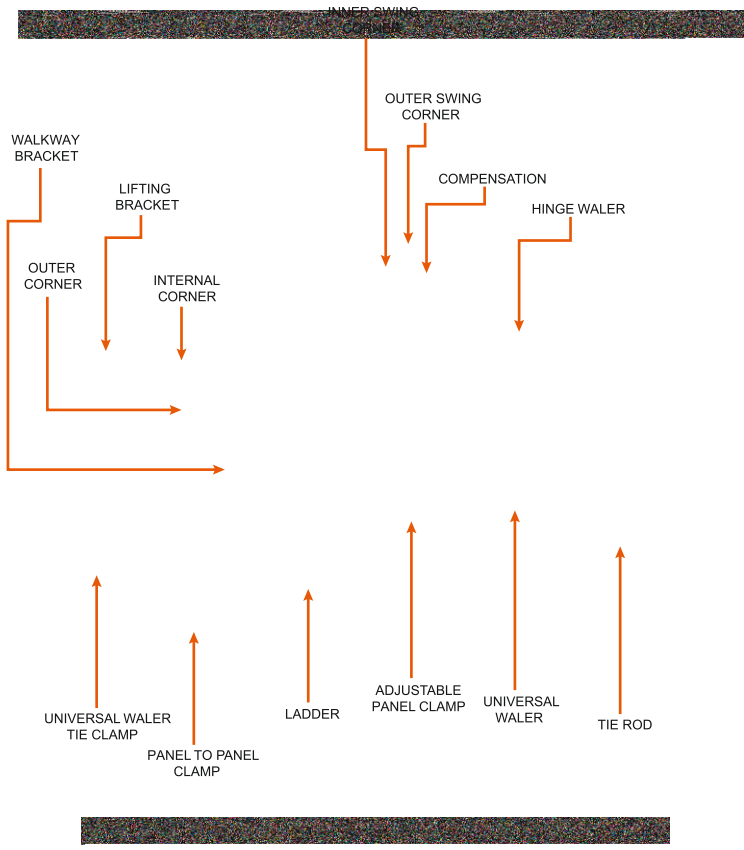
Formwork that works.

MÄCH AluPly

Mäch Aluply System is a high octane, high performance engineered modular panel column & wall system. Wallgreens offers faster erection, stripping and concrete cycles that can never be expected from conventional systems.



BENEFITS

- Only 2 basic components - panel & clamps allowing an idiot proof installation
- Crane-free use : light weight and user friendly.
- Early Stripping : up to 4 cycles in one month.
- High-Strength Panels : No horizontal bracing or velars required.

QUALITY & OPTICS

Feature	Mach Aluply (New Standard)	Traditional Systems
Modular design	Zero wastage, plug & play	Excessive Carpentry
Site Aesthetics	Clean Layout	Dense Site: Clutter everywhere.
